"Team 204 worked together to come up with these answers: marmalade colored rocks (like in Paddington), outdoor lunch benches, swing set near garden, bench swing, outdoor classroom area, staircase in between field of dreams and school where the ball sometimes lands so students don't get hurt, monkey bars, bigger stepping stone path, bird bath, water fountain to drink out of, outdoor timer or clock for the outdoor classroom, more benches and/or picnic tables, corn, sweet potatoes, potatoes, carrots, apples, bananas, watermelon, apples, sunflower, lillys, dandelions, tulips, roses, and fly traps!"

Team 202 completed this picture to display their ideas.
