

# MAEOE Maryland Association for Environmental & Outdoor Education

January 12, 2018

Chesapeake Bay Trust Pre-K-12  
Environmental Education Mini Grant Committee,

The Maryland Association for Environmental and Outdoor Education (MAEOE) is supportive of the Baltimore Lab School application for the winter 2017-2018 Mini Grant Application for Pre-K-12 Environmental Education. The Baltimore Lab School program meets environmental literacy standards and goals in grades 1-12. Students are learning about their local watersheds and how they can become Environmental stewards. Trips in the fall motivate our students and inspire them to make a difference. The teachers are working with the students so that the action components can be used to integrate Meaningful Watershed Educational Experiences (MWEE) into curriculum.

We are supportive of the proposal and hope that you will look favorably upon this request for grant funding to achieve the school's environmental education goals.

Thank you,

A handwritten signature in cursive script that reads "Laura Johnson Collard". The ink is dark and the signature is fluid and legible.

Laura Johnson Collard
