

Dear Tamara,

Thank you for letting us come to Wild Peace Farm. It was cool to see how the farm works and it was fun to work with the plants. My favorite part was when we took that hike at the end around the river. It was interesting to get to see how a real organic farm works and to get to ask any questions that I had. This trip has made me more interested in farming and organic food. Thanks again for letting us come.

Sincerely,

Callan Beideman

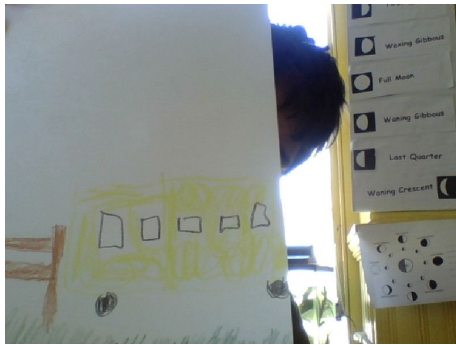

Dear Tamara

Thanks for

- Giving us your time
- The hike
- Showing us the greenhouse
- Showing us the chickens

And everything else

Dear ms tamara,

Thank you for letting me explore the farm and letting me see the great things that the farm had to offer. I had a great time exploring the river and potting the plants and hammering in the fence. I would love to come back some time and help out some more.

Sincerely Mitchell
